Microsemi 9501GR PoE Midspan

Declaration of design and certifications similarity

This is to declare that the **Microsemi 9501GR family** Power over Ethernet (PoE) Midspan, identified as Microsemi's part number:

PD-9501GR/SP/AC

Includes same plastic base & cover, same internal wiring, same power supply, same internal filters and PCB with partial assembly of Bill of Materials (BOM), identified as:

Microsemi

**PD-9501GR/AC
PD-ACDC60G/AC**

Therefore, the **Microsemi 9501GR** family products meet by similarity, the same FCC, CE (EMC), CISPR32, CISPR24, UL, UL-GS and CB scheme.
