

## CN20001A: Pricing Changes on Mature Products

March 1, 2020

**Dear Valued Microsemi Customer,**

Microsemi Corporation is committed to developing innovative, leading edge products that will accelerate your time to market. More than any other FPGA company, Microsemi is also committed to supplying products to the market for extended periods of time and we have a long track record of supporting products for over 20 years from market introduction. Longevity of supply is one of Microsemi's differentiating advantages over other suppliers.

In the case of extended lifecycle product offerings, manufacturing, assembly, and carrying costs are increasing in time for these mature technology products. Rather than discontinuing our mature FPGA products, we will continue to support customer needs for product availability, albeit increasing the prices due to increased costs associated with supporting mature product lines. The price increases affect the mature product families listed in the following table:

Antifuse (+20%)	Flash (+20%)	RT Antifuse (+10%)	RT Flash (+10%)
AX	APA	RTSX-SU	RT ProAsic3
eX	AFS	RTAX-S/SL	
MX	A2F	RTAX-DSP	
SX			
SX-A			

For all orders received after March 31, 2020, pricing for Antifuse and Flash products specified in the table above will be subject to an increase of 20%.

For all orders received after March 31, 2020, pricing for Radiation Tolerant (RT) products in the table above will be subject to an increase of 10%.

The full part number list is included at the end of this notice.

Any new purchase orders received on or before March 31, 2020 will ship at current prices. All new purchase orders requiring export clearance must have End Use (EUS) documents submitted at the time of purchase order placement.

Orders at current prices must be shipped by September 30, 2020. Exceptions will be made where Customer Requested Date (CRD) is based upon our quoted leadtime.

Microsemi is providing you with a 60-day advanced notification of this adjustment so that you may appropriately plan your actions.

If you have questions regarding this price increase, please contact your local Microsemi sales representative.

**Regards,**

Bruce Weyer
