

PDN21004: Libero Design Suite Software—Discontinuation of Support for Windows 7 Operating Systems

February 26, 2021

Description

Microsemi will discontinue support for Windows 7 OS for Libero SoC software, for all releases after July 2021.

Reason for Discontinuance

Microsemi continuously monitors the Operating System (OS) versions and computer architectures in demand by our customers. We are updating the support platforms of Libero SoC to align with the timelines of Windows versions being offered by Microsoft vendor. The support for Windows 7 OS will be discontinued effective August 1, 2021, and Windows 10 will become the baseline Windows OS for all new Libero SoC releases.

Customer Impact

No impact on the Libero SoC software releases until end July 2021. Releases beginning August 1, 2021, will not support the Windows 7 platform and users will need to move their affected Windows 7 operating system to Windows 10.

Products Affected

Effective August 1, 2021, the Windows 7 platform support for the following license part numbers will be affected across all Libero software.

LIB-WIN-SA-F-INCR	LIB-G-F-3YR
LIB-WIN-A-SA-F-30	LIB-G-F-R-3YR
LIB-G-A-F	LIB-G-INCR-F-3YR
