

# Product Change Notification

## PowerDsine 3500/6500 non Gigabit Models End Of Manufacture (EOM) Notification

March 5<sup>th</sup>, 2013

Dear valued Customer,

This letter is to inform you that Microsemi will discontinue manufacturing operations of the PowerDsine 3500 and 6500 10/100BaseT Midspan products. Those products will be removed from the Pricelist effective March 1, 2013. Product support will continue through the lifespan of the original warranty.

### EOM Benefits for our partners and customers:

- 1) As the Ethernet market moves into 10/100/1000mbps applications we have decided to offer our customers the most updated features that can support both today's and future needs.
- 2) By reducing the number of part numbers, we will be able to better support changing demand and offer better lead time.
- 3.) By reducing the number of part numbers, we will enable our channel partners to focus their support to the highest value products.

Please refer to **Table A** for detailed list of EOM products and information on the alternative products that are fully backwards compatible.

**Table A:**

P/N	Description	Replacement
PD-3506/AC PD-3512/AC PD-3524/AC	802.3af PoE Midspan, 10/100mbps	PD-3506G/AC PD-3512G/AC PD-3524G/AC
PD-6506/AC/M PD-6512/AC/M PD-6524/AC/M PD-6524/AC/M/F	Enterprise 802.3af PoE Midspan, 10/100mbps, Managed, Limited Life time warranty	PD-6506G/AC/M PD-6512G/AC/M PD-6524G/AC/M PD-6524G/AC/M/F

We value your feedback and we appreciate early communication for any questions or concerns you have regarding this product discontinuance.

Please contact Microsemi Customer care: +972-9-7755123, in the USA: + 1-877-480-2323 and we will do our best to help you with your transition.

Best Regards,

**Sani Ronen**
