Subject: Changes to lead free nomenclature

Dear Purchasing,

This notice is to inform you that Actel will be changing its nomenclature on the lead-free packaging. Currently, the designator is an X79 suffix. The lead-free designator will change to a G, which will be added after the package designator. For example the part number will be A40MX04-PLG44.

Actel may begin shipping units with the above-mentioned changes 90 days after the date of the letter. After 90 days, Actel may ship the product either marked as described above or with the X79 mark.
