Subject: Programming Software for Axcelerator® and RTAX-S Product Families

Dear Customer,

This notice is to inform you that Actel has qualified and released new programming software (Silicon Sculptor Windows v4.59.1) for the Axcelerator and RTAX-S product families.

This new software release improves programming yield on the Axcelerator and RTAX-S product families. It is important to note that this software change does not affect the antifuse programming algorithm nor does it affect the reliability and characteristics of the antifuse.

Qualification testing at Actel indicates that there is no reliability impact from this enhanced programming software. Download the release notes from: http://www.actel.com/custsup/updates/silisculpt/sculptor4591.html.

Actel does recommend that customers upgrade to the latest version of software.

For questions please contact Actel's Corporate Application hotline at tech@actel.com.

Regards,

Actel Corporation
