PCN Number: 1207

PCN Change Level: Minor

Subject: New Revisions of Hardware Kits
(A2F-EVAL-KIT, A2F500-DEV-KIT, A3PE-STARTER-KIT)

Dear Customer,

This notice is to inform you that Microsemi SoC Products Group has changed the OLED display module on several hardware kits due to product discontinuation. The replacement OLED module is functionally similar to the previous module; however, the IC driver is different. This requires all designs utilizing the OLED to be regenerated using the new OLED module driver. There are no other changes to these boards aside from the OLED module. We apologize for this inconvenience.

Due to this change in hardware, we will be revising the part numbers of the kits; the pricing will not change.

Table 1 • Affected Part Numbers

Old Part Number	New Part Number
A2F-EVAL-KIT	A2F-EVAL-KIT-2
A2F500-DEV-KIT	A2F500-DEV-KIT-2
A3PE-STARTER-KIT	A3PE-STARTER-KIT-2

Feel free to contact Microsemi SoC Products Group Technical Support at soc_tech@microsemi.com if you require any further information.

Regards,

Microsemi Corporation
