Subject: Board Inventory Simplification Notice

Dear Customers,

This letter is to inform you that Actel has decided to obsolete a number of hardware items because of duplicate functionality with newer hardware solutions. All remaining solutions include the capabilities of the obsolete hardware. The following boards in the "Obsolete Part" column are being removed from the product list. Alternative boards listed under the "Replacement Part" column provide equivalent functionality and will continue to be produced. Actel will continue to provide technical support to both sets of boards.
