Subject: Product Discontinuation for the CS180 Package for AX125 Device

Dear Customer,

This letter is to inform you of Actel's decision to obsolete the Plastic Chip-Scale packages (CS180/CSG180) for the AX125 device, in both the standard (leaded) and RoHS-compliant devices. The part numbers affected are listed below in Table 1. Actel will honor a 12-month period for you to place last-time-buys with an additional 6 months to take receipt of the products.

The key dates for the last-time-buy are as follows:

- Last date for placing orders: October 15, 2010
- Last date for shipping orders: April 15, 2011

Every effort should be made to place last-time-buy orders in a timely manner to avoid waiting until the last moment to place orders. If you anticipate that your last time buy requirements will exceed the current rate, for specific devices, please provide your Actel Sales Representative with a forecast of the requirements.

Orders will be supported on a first-come, first-served basis. Orders for the products affected will be non-cancellable and non-returnable.
