PDN Number: 1208

Subject: New Revision of Development Kits Now Available
(M1AFS-ADV-DEV-KIT-PWR, M1AFS-EMBEDDED-KIT,
A3PE-STARTER-KIT, CORE1553-DEV-KIT, CORE429-DEV-KIT-2)

Dear Customer,

This notice is to inform you that Microsemi SoC Products Group has had to change the OLED display module on the following development boards due to OLED discontinuation: **M1AFS-ADV-DEV-KIT-PWR, M1AFS-EMBEDDED-KIT, A3PE-STARTER-KIT, CORE1553-DEV-KIT and CORE429-DEV-KIT-2**. The replacement OLED module is functionally similar to the previous module but the driver IC is different. As a result, any designs based on the original OLED would need to be updated with the new OLED module driver to work on the -2 version of these kits. There are no other functional changes to these boards.

Due to this change in hardware, associated part numbers have been updated:

Obsolete Part Number	New Part Number
M1AFS-ADV-DEV-KIT-PWR	M1AFS-ADV-DEV-KIT-PWR-2
M1AFS-EMBEDDED-KIT	M1AFS-EMBEDDED-KIT-2
A3PE-STARTER-KIT	A3PE-STARTER-KIT-2
CORE1553-DEV-KIT	CORE1553-DEV-KIT-2
CORE429-DEV-KIT-2	CORE429-DEV-KIT-3

We are no longer accepting orders for the obsolete part numbers and the new part numbers are available for ordering now.

Feel free to contact Microsemi SoC Products Group Technical Support at soc_tech@microsemi.com if you require any further information.

Regards,

Microsemi SoC Products Group
