PDN Change Level: Major

Subject: Consolidation of Kit Part Numbers

Dear Customer,

This letter is to inform you of Microsemi's decision to obsolete the kit part numbers in Table 1. This notification is effective immediately.

Microsemi previously offered some kits with or without programmers or power supplies. In order to simplify inventory, only one version of each kit will be offered in the future and will include the programmer and /or power supplies needed.

Inventory remains for some of the existing part numbers and will continue to be sold until stock is depleted. Please contact your local Microsemi Sales Representative for availability. The recommended replacement part numbers are provided in Table 1.

Table 1: Obsolete Part Numbers and Replacements
