

Microsemi Corporation

September 18, 2017

Customer Notification No: CN17032**Customer Advisory Notice (CAN)****Subject: Pricing Changes on RT FPGA Products****Description**

Microsemi Corporation is committed to developing innovative, leading edge products that will accelerate your time to market. More than any other FPGA company, Microsemi is also committed to supplying products to the market for extended periods of time and we have a long track record of supporting products for up to 20 years from market introduction. Longevity of supply is one of Microsemi's differentiating advantages over other suppliers.

For our mature technology extended lifecycle products, the costs of manufacturing, assembly, and carrying costs are increasing over time. We are committed to support customer needs via extended product availability. To enable the extended product availability, prices will increase in line with increased costs. These changes affect the product families listed in the following table:

Antifuse	Flash
RTSX-SU	RT ProAsic3
RTAX-S/SL	
RTAX-DSP	

Any new purchase orders received on or before November 19, 2017 will ship at current prices. All new purchase orders requiring export clearance must have End Use (EUS) documents submitted at the time of purchase order placement.

For all new purchase orders received on or after November 20, 2017, pricing for RTSX-SU, RTAX-S/SL, RTAX-DSP, and RT ProAsic3 FPGA families will increase 10%. For the families listed, all standard part numbers, SMD part numbers ("5962-"), and part numbers with specific requirements are affected. Please note that there is no price increase on the RTG4 family.

Microsemi is providing you with a 60-day advanced notification of this adjustment so that you may appropriately plan your actions.

The following table is the list of affected part numbers and devices.

Part Number	Device	Part Number	Device
RT ProAsic3 Family			
5962-1520201QKC	RT3PE3000L	5962-1520301QUF	RT3PE600L
