

**PCN 0403A**

June 1, 2004

Dear Customer,

This notice is to inform you that Actel is making a minor change to the marking on its industrial devices and military temperature devices. Currently the mark for industrial devices, designated by an "I", and the mark for military temperature devices, designated by an "M", is located on the third line of the device. This mark is right after the package information. Effective immediately Actel may ship product either marked as described above, or with the industrial "I" mark or the military temperature "M" mark, located in the top right hand corner of the package.

This change does not affect Mil-Std-883B product marking.

If there are any questions please contact Actel's technical support hotline at [tech@actel.com](mailto:tech@actel.com).

Regards,

Actel
