PCN Number: 0614

PCN Change Level: Minor

Subject: Lead-Free Sockets

Dear Customer,

The intent of this letter is to inform you that effective immediately, one of Actel's socket vendors, E-tec, will no longer offer leaded sockets and is transitioning to environmentally conscientious lead-free sockets. See "Addendum A" on page 2 for a complete list of affected sockets and the corresponding new part number, which is represented by a 'G' in the package designator.

All socket requirements going forward must reflect the new part number.

In addition, Actel has modified all existing Yamaichi lead-free socket part numbers to be consistent with the lead-free nomenclature. Refer to "Addendum B" on page 3.

Should you have any questions, please do not hesitate to contact your local Actel Sales Representative.

Regards,

Actel Corporation
