ERRATA SHEET

DS31400

Revision B1 Errata

The errata listed below describe situations where DS31400 revision B1 components perform differently than expected or differently than described in the data sheet. Microsemi Corporation intends to correct these errata in subsequent die revisions.

This errata sheet only applies to DS31400 revision B1 components. Revision B1 components are branded on the topside of the package with a six-digit code in the form yywwB1, where yy and ww are two-digit numbers representing the year and work week of manufacture, respectively.

There are no known errata for this revision of the device.
